Fast, gentle and safe ear cleaning.

Locations
Ear care locations nationwide.

Learn about our FDA-cleared OtoSet® ear cleaning system on page 4.

Why ear care is so important

Healthy ears help you hear better, stay balanced, and avoid pain or discomfort. They also play a big role in how you connect with the world around you.

Ear cleaning
- Keep your ears clean to prevent ear wax buildup.
- Never insert anything into your ear canal.
- If you have ear wax causing hearing issues, see a professional.

Hearing health
- Regular hearing checks catch problems early.
- Protect your hearing from loud noises and manage hearing loss.

Tinnitus
- Tinnitus (ringing in the ears) can affect sleep, focus, and stress levels.
- Managing tinnitus helps you feel more relaxed and improves your quality of life.

Are you looking for clear answers?

Ear and hearing care should be simple and part of routine wellness.

All Ears Ear Care makes it easy to get professional help, clear answers and real relief so you can hear more clearly, feel more present, and live more fully.

About your ear care appointment

Step 1: Consultation

Discuss your ear care and health with our certified professionals.

Step 2: Pre-Examination

We'll tell you what we see & our best approach to help.

Step 3: Preparation

OtoSet® will be prepared with sterile, disposable ear tips.

Step 4: Treatment

Your ear is cleaned using OtoSet® technology and professional tools.

Step 5: Post-Examination

Your clinician will inspect your ears to ensure they are properly cleaned.

Step 6: Hearing Screen

If applicable, you will receive an audio test to check your hearing levels.

What is OtoSet®?

OtoSet® is the only FDA-cleared ear cleaning system. It makes removing ear wax safe, quick, and easy - whether you're dealing with buildup or just keeping your ears clean and healthy.

More comfortable
OtoSet® uses gentle pressure, reducing discomfort.

Faster & cleaner
It's quick and there's no mess.

Safer ear cleaning
Designed to lower the chance of pushing ear wax deeper.

OtoSet® is great for anyone with ear wax buildup or for those who want to include regular ear care in their wellness routine.
